

Campaign Pledge Form

Since 1986, the SEE Science Center has been a trusted source of Science, Technology, Engineering, and Math (STEM) education. SEE has grown to provide hands-on informal learning for approximately 45,000 people each year. As we approach our 40th year, SEE has identified areas where we can improve in all aspects of our organization. Through our first ever capital campaign: **Science for All** we will update our physical space, add new engagement opportunities and ensure we are able to serve all members of our community for years to come, by removing economic and physical barriers.

We invite you to become part of this initiative by donating to this Science for All campaign. Donations can be made in person or by mail with this form. Please make checks payable to SEE Science Center Inc. Donations may also be made on our website see-sciencecenter.org/capital-campaign. Campaign donations of \$250 and up will receive an acknowledgement graphic brick around the LEGO® Millyard Model.
